

LEADEN SHOWER
HALTED CAREER
OF ONE BANDIT.

Boston Police Expect They Have Ended Reign of Terror Which Had One Section of Their City in a Tumult Since Tuesday Night.

**NINETEEN PERSONS
VICTIMS OF BANDITS**

Two Men Ran Amuck Last Night Shooting Eleven People in Their Wild Flight Into Franklin Park. Were Surrounded By Hundreds of Police.

Boston, July 23.—The reign of terror that has existed in the Jamaica Plain and Roxbury sections of Boston since Tuesday night, when a band of desperadoes shot up a saloon, ended this morning by the killing of the man believed to be the leader of the gang.

After running amuck early last night, two of the three desperadoes were surrounded by 300 police in the Forest Hills cemetery.

At 4:10 this morning the line of police closed in and within twenty minutes came upon one of the bandits. The man, riddled with bullets, before he had wounded any of his assailants. Another man was captured, but at the police station he proved that he was merely a spectator and was allowed to go. The desperadoes thus far have killed two men, mortally wounded two and shot a third person.

The hunt for the other members of the gang continues. The police believe that the second man, who was surrounded in the cemetery, has died there from his wounds. Joseph Divice, an alleged member of the gang, who was arrested yesterday, was arraigned to-day.

Eleven persons were shot last night by the two fleeing desperadoes as they hurried for two miles through a thickly settled district of Jamaica Plain. The fugitives, firing madly right and left, disappeared later in the woods near Franklin park.

Mrs. Della Frantz of South street was standing in front of her home with her baby in her arms when the two men, pursued by a crowd, came down the street. As they passed her, one of the fugitives fired a shot which entered her head. She is in a critical condition.

Herbert E. Knox, 42 years old, night watchman at the Forest Hills cemetery, and Edward McMahon, 21 years old, a policeman, both received bullets in the abdomen. Knox died later and McMahon is not expected to survive.

The others injured are: John Nolan, shot in arm; Thomas Fleming, shot in hand; Thomas Moore, street car conductor, shot in leg.

Patrolman Ingalls, bullet in leg. Patrolman Cox, shot in ankle. Patrick McGinn, shot in the ankle. Michael Flynn, slightly wounded in the head.

Policeman Thompson, shot in leg. It is believed that the desperadoes fled concealed in Calvary cemetery yesterday while the police were hunting for them on account of Tuesday night's hold-up and robbery.

Driven from their hiding place by hunger and fearing that they would be surrounded by the police, the two men appeared on Charles street in Jamaica Plain about dusk and proceeded to "shoot up" the town. They looked like foreigners and were roughly dressed. Some citizens who had been assisting in the hunt for the robbers, saw the men and tried to intercept them, whereupon the two started to run and with a revolver in each hand fled along Charles, South, Lee and Keyes streets, firing at every person in their path. Mrs. Fallon was the first wounded. Policeman Ingalls was shot next, and then Messrs. Moore, Flynn, McGinn, Nolan, Fleming and Police Cox received bullets in succession during the flight of the men to Franklin Park.

Stampeded by People.
All along the line of the residential district the stoops of the houses were black with people enjoying the cool evening air, while the streets of the business section were filled with the usual throngs. The appearance of the two desperadoes running as if crazy, caused a general stampede.

Michael Flynn stooped to pick up a stone as he saw the men coming toward him, and instantly one of them fired at him, one of the bullets grazing his head. As the fugitives running along Keyes

street reached Washington street, a trolley car came along.
"Hold up, you——" shouted one of the desperadoes, waving his revolver above his head. The motorman set the brakes and the conductor, Thomas Moore, jumped. Instantly he became a target for bullets, one of which entered his leg.

Across Washington street and through Keyes street, the robbers fled with hundreds of men pursuing and soon disappeared in Franklin park, shooting down Policeman Cox, who tried to intercept them, near the park gate.

As soon as possible a cordon of police, heavily armed with revolvers and rifles, was thrown about the park, while thousands of citizens gathered in the vicinity.

NOISY WELCOME
GIVEN PRINCE OF WALES

Representative of English Royalty Received in Quebec Yesterday Afternoon.

Quebec, Que., July 23.—The Prince of Wales landed from the British battleship Indomitable yesterday amid the deafening roar of guns from the international fleet of British, French and American warships and the tumultuous demonstrations of 50,000 people massed upon the wharves and the terraced heights of this city. It was a spectacle of truly royal splendor as the latest type of British Dreadnaught, with the royal standard flying came to anchor among the double columns of foreign warships and the prince was welcomed ashore by Earl Gray, governor general of Canada, Premier Laurier and the assembled dignitaries, flanked by thousands of soldiers and a multitude of people.

It was 2:45 yesterday afternoon when the crowds assembled on the cliffs saw the Prince of Wales' fleet emerge from the mist far down the river. Immediately the guns of the warships began to thunder, the British, French and American ships firing their royal salutes together, while every ship hoisted the royal standard and broke out a mass of color from stem to stern. The indomitable advanced majestically with sailors and marines ranged along the gun deck. As she swung alongside the New Hampshire the colossal magnitude and power of the British ship stood out in bold relief against the American battleship, which looked like a delicate white yacht beside this truly monstrous engine of destruction. Back of her came the Minotaur, another naval colossus.

At four o'clock the battleships again roared a salute as the prince embarked from his ship and came ashore. He wore the uniform of an admiral, with waving white plume and dark coat faced with gold embroidery. As he stepped on the king's landing, every eye was turned on his rather frail and youthful figure. The prince bore little resemblance to his father, King Edward VII. He is below medium stature with rather thin features and closely cropped yellow saxon beard trimmed to a point. His face wore a pleased smile at the echoing shouts of the people, the rattle of saluting arms and the strains of the British national anthem. One of the first glimpses the prince got as he stepped ashore was a bevy of English, French and American women in beautiful toilettes, ranged in terraced seats before the landing stage, including Mrs. Fairbanks, wife of Vice-President Fairbanks, and Mrs. Cowles, wife of the admiral and sister of President Roosevelt.

"BOBS" ALSO CHEERED.
In the Quebec Celebration Today, Visits To Warships.

Quebec, July 23.—Cannon boomed and thousands of spectators cheered when the Prince of Wales surrounded by an escort of royal northwest mounted police left the citadel this morning to return the visits of the officers of the British, French and American battleships. Lord Roberts "Bob" was also widely cheered. The visits to the various ships occupied the time until noon.

ALLEGED SWINDLER.
Former Rochester, N. Y., Woman Held In Washington.

Washington, July 23.—Miss Frances Caspari, formerly of Rochester, N. Y., who is alleged to have swindled a large number of women in this city, Baltimore and other places out of thousands of dollars by representing herself to be a prosperous book agent and inducing her victims to invest in a book scheme, was yesterday held in \$5,000 bail to await the action of the United States grand jury.

During her brief stay in this city she is alleged to have obtained about \$3,500 in addition to carrying on her operations by correspondence with persons, living in other parts of the country. Miss Caspari admits having obtained more than \$100,000 from Baltimore seven years ago, in which she served five years in prison.

Back in Oyster Bay Today.

Oyster Bay, July 23.—President Roosevelt and party arrived from Newport this morning on the Mayflower. This afternoon there will be held a conference with Judge Taft on the latter's speech of acceptance. Secretary Root will participate.

DECIDING ON
AN APPEAL

From the Reversal in Standard Oil Case.

WHAT APPEAL WOULD BE

It Would Take the Form of Application for a Writ of Certiorari—No Hurry in Taking Action.

Washington, July 23.—As the result of a series of telegraphic communications between Government trust busters the department of justice today began a careful study of the present situation with a view of taking an appeal from the decision of the Circuit court of appeals in Chicago, in the Standard Oil case. The appeal would take the form of an application for a writ of certiorari. There will be no hurry in deciding the matter.

Should an attempt be made to secure a review of the case the Supreme court of the United States no action will be taken until the court meets in October. Should the writ be granted or denied it is believed that the final determination of various prosecutions of the Standard Oil would be hastened. In the event that a rehearing is denied, the government may go to trial on the original indictment containing 1462 counts. Such an action Dist. Atty. Sims could be ready to take within two weeks. There are also seven other indictments, containing 4422 counts.

As a vast amount of work has been done on the case already decided and reversed it is unlikely that an entirely new case will be instituted. The record of the present case contains over 1,500,000 words and is estimated to have cost the government \$200,000. Another move which may be made by the federal attorneys is to transfer the prosecution from this jurisdiction either to the western New York district or to the eastern Tennessee court. In these two districts, the government investigation led to indictments containing about 2000 counts against the Standard Oil Company.

SHOT GIRL AND THE MAN
WHO WAS WINNING HER

Then John Hanna, Aged 30 Years, Turned Weapon On Himself in a Beach Resort Ball Room.

New York, July 23.—In view of more than a hundred persons in the ball room of the Port Lowery Hotel at Bath Beach late last night John Hanna, 30 years old, shot 16-year-old Augusta Wald with whom he was in love and Ralph Manz 20 years old with whom she was dancing.

When he saw his victims fall to the floor he turned the revolver upon himself, firing a bullet into his head and in his breast. He died almost instantly. The bullet aimed at the girl struck her in the mouth, inflicting a dangerous wound. Young Manz was wounded in the left side and may die.

BREACH IS GROWING
Between the American and English Athletes.

August Eberhardt, Captured To-day, Says He Did Not Kill His Aunt, Mrs. Ottilie Eberhardt.

Paterson, N. J., July 23.—August Eberhardt, wanted in connection with the murder of his aunt, Mrs. Ottilie Eberhardt, near Rochelle park, Saturday, from whose clothing \$2,500 was taken, was arrested here today. He was suffering from a gunshot wound in his left leg. He had no money, eat nor coat, and could hardly walk.

Eberhardt denies shooting his aunt. He said he heard a shot fired and saw his aunt fall. Then he was struck on the head, and that was all he remembered until he was shot and robbed by a gang of Italians in Peekness mountains.

TO STOP WASTE OF MONEY
Some Veterans at Soldier's Home Must Have Guardians.

Bennington, July 23.—At the annual meeting of the trustees of the Vermont Soldier's Home, held yesterday, it was voted that any veteran discharged from the home for intoxication may not be re-admitted until he has a guardian appointed. Under the present law the veterans draw their pensions direct and some of them use the money in excessive drinking. The effect of the committee rule will provide guardians for those who drink to excess and these guardians will draw the pension money and not give it out all at one time to be wasted.

The financial report showed receipts for the past year of \$23,314.34 and disbursements of \$23,374.46 leaving a balance in the treasury of \$439.88. The expense the past year has been about \$2,500 larger than usual owing to the addition to the hospital which cost that sum. The meeting was followed by the annual dinner given by Superintendent Hannan to the trustees and a few guests.

BIG GRAIN ELEVATOR

A. H. McLeod Milling Company of St. Johnsbury Build It.

St. Johnsbury, July 23.—A. H. McLeod Milling Co. have nearly completed a fine new grain elevator at the rear of their mill. To do this a one story building had to be torn down. The new elevator is 23 x 60 feet and 60 feet high from cellar bottom to roof. It contains eight bins holding 4000 bushels each, and four bins hold 2000 bushels each. The building is finished now excepting the roof. The new elevator and the mill will be under one roof, necessitating raising the mill roof 20 feet. W. G. Cox has charge of the work and the elevator will be ready for use by September 1st.

With the completion of the new elevator the McLeod Milling Co. will have a storage capacity of 90,000 bushels of bulk grain. There will be the largest private elevator in the state, the only larger one being owned by the Canadian Pacific at Richford.

TRACK WAS SOGGY.

Two Races at Nashua Went Over Unfinished.

Nashua, N. H., July 23.—The opening meeting of the Nashua Fair association brought about 500 admirers of light harness racing to the track side yesterday afternoon. The heavy rain of the afternoon made the track soggy, and there was doubt as to whether the race would start. It was after 2 o'clock when Starter E. E. Wentworth of Springfield, Me., gave the word "go" for the first event, the 2:25 pace. In the third heat in this race, E. C. Wingate, the owner of Bonnie Nelson, asked that he might drive in place of Averd, and the judges acceded him the privilege. On the stretch his sulky and that of Pactola Boy, collided, and Mr. Wingate lost both wheels. He and Berry, the other driver, both protested to the judges that the other was to blame, but both horses were allowed to start in the next heat. Neither man was much hurt, but Mr. Wingate allowed Averd up and he took the heat amid cheers.

The race went unfinished, however, as did the 2:30 trot. The other race, the 2:15 pace, was won by Megaphone, which mare was a close second choice to the general favorite, Koxie B. In the 2:25 pace Candy Girl was the favorite at the opening as was Jackie in the trot. The judges were M. H. O'Grady, Chester Pike and E. E. Carlin. C. Fred Goldwaite was clerk of the track, and Michael C. Mullen secretary of the races.

Rutland, July 23.—The race meet which local horsemen had planned to hold in this city this summer has been postponed on account of the lack of seating capacity at the fair grounds, owing to the recent burning of the grandstand. The Rutland county agricultural society has planned one of the best race programs for the fair this year that it has ever offered. There are eight classes, with purses aggregating about \$1700.

Santo, the Murdered Man, Was Seen on Street in Rutland Early in Evening—Two Bullet Wounds Were Found in Him.

Rutland, July 23.—The body of Antonio Santo, an unmarried Italian, about 35 years old, was found late last evening about two miles north of this city near the golf links of the Rutland Country club. It had two bullet holes, one in the cheek and the other just over the heart, the bullet probably piercing the heart and causing instant death. The discovery of the body was made by two men who were driving home from Rutland to Pittsburg. Their horse shied and getting out of the carriage, they soon discovered the body lying close beside the road. The man's hat and coat were found about 40 rods from the body, the coat and a shirt, which he wore, being badly torn.

Chief of Police E. S. Whitaker and two policemen of this city were notified and after seeing the body ordered it removed to the undertaking rooms of John B. Stearns. Between \$30 and \$40 was found on the dead man's person.

Santo lived in this city and was employed by F. H. Duffey, the wholesale dealer, as a bottle washer, and boarded at 237 West street. He was seen on the streets of Rutland about seven o'clock last evening and was sober; but apparently at the time he was murdered was coming toward the city of Rutland. This is the sixth murder which has occurred in the county of Rutland within a year.

In the former decision the petitioner was granted \$15,000 alimony. It is probable that court will adjourn the last of this week or the first of next. Four divorces cases have been granted in the last few days.

VERMONT K. P.'S PLANS.

Grand Chancellor Willey Issues Statement About Boston Trip.

Grand Chancellor Willey of Vermont has issued from headquarters in this city an official circular calling attention of the members of the Knights of Pythias to the supreme convention, which will be held in Boston the first week in August. The grand chancellor lays particular stress upon the facts that knights living in New England will not during the present generation have such an excellent opportunity to attend a supreme convention. Of necessity, the supreme lodge must hereafter hold its meetings further west. Many knights from Barre are planning to attend the convention. Faneuil hall has been assigned as headquarters of the New England Pythians. There will be found telephone booths, sub-station of United States post-office, and a desk and place for each state, which will be equipped with a roster of the domain, and so far as possible the name of each person and where he can be found while in the city. There will also be a general information bureau.

The program includes:
August 1—Opening of Camp Joseph H. Lyon at Franklin field, with tents for 16,000 men. The camp may be reached by car line from the North station—Mattapan via Columbia road line, or Grove Hall via Hampden street line and change at Grove Hall for Franklin field. From the South station—Mattapan via Columbia road line, or elevated train may be taken at either North or South station for Dudley street terminals, where transfer can be made to surface cars for Franklin field. Arrangements have been made for meals in camp at a uniform rate of \$1.00 for three meals. The railroad rate announced for the encampment is not so advantageous as the regular tourist rate, and the Montreal gateway seems to offer greater advantages than any of the others. A thorough investigation of railroad rates is recommended before routes are selected. Members of the Uniform Rank whose companies will not be present will be accommodated in camp on application to general headquarters, and will be assigned for parade duty.

August 4—(Afternoon) Military parade; evening, reception to supreme lodge.
August 5—Morning, subordinate lodge parade; afternoon, review and drills; evening, reception by the supreme lodge.

MADE WORK
FOR COURT

Did Yesterday's Visit of Buffalo Bill to Montpelier

FOUR MEN WERE ARRESTED

The City Figures That It Came Out About Even on the Matter and the Storekeepers Are Jubilant Over the Trade.

Buffalo Bill's Wild West show left the usual trail of circus drunks in Montpelier last night, and four men were arrested by the Montpelier police. The conditions were not so bad as they might have been if the Middlesex wine store had not partially acquired in the request of the Middlesex license commissioners to close up during circus day; the store was closed during the forenoon.

The four men arraigned before Judge Harvey gave their names as Peter Allen, Thomas Hannan, Timothy Holand and Byron Marble. The first three were up this morning and Marble appeared last evening, having been arrested early in the day with a full stock of wet goods ready to celebrate properly such an occasion as circus day. Those who searched Marble found two quart bottles and two pint bottles of whiskey, enough to sink a small ship. He insisted, however, that although the appearances on the outside might be against him, his interior conditions would not warrant him in entering a plea of guilty to intoxication.

The other three men pleaded guilty to being intoxicated. Allen paid fine and costs of \$12.20. Hannan was assessed \$11.20, and he went out and got the money. Maloney's assessment was \$12.20, and he went out, accompanied by Chief Durkee, and brought in the amount which gave him his freedom.

The city itself didn't get very rich off the circus, received \$52 in vendor's license fees, \$6 for water rental and \$50 as its part of the circus license fee. The extras which the city had to pay out covered most of the receipts. The merchants, however, got a good thing out of the circus, as pay-day fell during the visit to Montpelier, and the attaches of the circus dropped their money liberally among the Montpelier stores. One storekeeper says that he sold over \$100 worth of clothing to circus people in less than an hour.

Chief Durkee of the Montpelier force found "Heenan" Bowers having a hard time navigating this forenoon at 11:30 o'clock, and arrested him for the time. Bowers will make one of his many visits to Judge Harvey as soon as he is able.

DIED LAST EVENING.

Edward F. McDevitt's End Was Not Unexpected.

Edward F. McDevitt of 8 Summer street died at the City hospital at six o'clock last evening, following an operation for appendicitis which was performed one week ago. There has existed but little hope of his recovery since the operation, as it was discovered at that time that tubercular condition in an advanced stage made his recovery almost impossible.

Mr. McDevitt was 34 years of age and was born in West Quincy, Mass. He came to Barre to reside about five years ago, and has been employed as a tool sharpener at the granite plant of C. R. Scott & Co. He is survived by his wife and one son.

The remains were taken to Quincy, Mass., on the 11:40 train last night, and the funeral will be held there to-morrow.

CANDIDATE FOR REPRESENTATIVE

Democrats May Name Patrick F. McCarthy for the Place.

Now that nominations for all other offices have been made, the last, but not least, by any means, locally, that of representative, is beginning to receive consideration. Barre has been debatable ground on this office for the past 10 years and each side endeavors to put up its best men. Already possible candidates are being talked of, but the first to be announced as a candidate by either party is P. F. McCarthy, who, his friends announce, has consented to be a candidate for the Democratic nomination. Mr. McCarthy has been active in local political matters for some time, and as secretary-treasurer of the Quarry Workers' International union, is well known to the greater part of our citizens.
